Dear Dr. Suzana Đukić,

We, Margareta Bašaragin and Svenka Savić, send an original research article entitled "Gender and Ideology: Women on Postage Stamps in Serbia: 2006-2018" for submission of Teme Journal for Social Sciences. The aim of this paper is t is to examine a degree of democratic changes in multinational, multi-confessional and multilingual Serbia during the last decade as it relates to the absence of linguistic codes, and using postage stamps to depict women (2006-2018).

We focus on how postage stamps can be used as sources for investigation of interaction of gender and ideology.

This manuscript has not been published and is not under consideration for publication elsewhere. We have no conflicts of interest to disclose.

In hope for the collaboration,

Sincerely,

Margareta Bašaragin
